EDUCATION

05/2022

BTech - Electronics

MIT Academy Of Engineering, Pune, Maharashtra, India

GPA: 7.63

EXPERIENCE

Cloud Application Developer, 12/2022 - Current

Blazeclan Technologies - Pune, India

- Currently working with a fintech client for more than 1+ year, delivering proven results.
- Analyzed requirements and designed system architecture for new applications.
- Led a team to integrate new payment methods, optimizing the process with payment service providers.
- Played a key role in the successful introduction of Monoova payments on the world's first universal payment platform in Australia
- Seamlessly integrated over 20 payment methods, including Stripe, Adyen, and Affirm, meeting all project deadlines.
- Designed and implemented web services using RESTful API for data integration between applications.
- Collaborated with other developers to resolve issues related to the application development process.
- Received multiple awards for exceptional performance and timely delivery.
- Integrated third-party APIs into existing systems for improved functionalities.

Clan Fellow, 06/2022 - 12/2022

Blazeclan Technologies - Pune, IN

- Developed web applications using HTML, CSS and JavaScript.
- Created wireframes for website designs based on customer requirements.
- Deployed updates and bug fixes to live production environments quickly and safely.
- Utilized tools such as Chrome DevTools to troubleshoot problems with website functionality.
